Dear Senator Montgomery ,

On behalf of the President, Board of Directors and all the members of the AARP First Brooklyn Chapter # 180 I would like to thank you for taking time out to come and address us at our 46th Annual Celebration last Saturday.

It confirmed your personal interest in the social and cultural development of communities in and around Brooklyn which the Chapter represents and your unrelenting effort to improve the welfare of each and every one of us through your ongoing programs in so many different areas. Please be assured of our appreciation which will be demonstrated in our continued support for the success of your endeavours.

We certainly look forward to working with you in future programs of our Chapter in our mutual efforts to reestablish values we hold dear.

Very sincerely,
